Anchorage, Alaska 99501

Subject: Tariff Advice Letter 51-733
Removal of CLUS-3 2019 Workover Maintenance Surcharge

Dear Commissioners:

The tariff filing described below is transmitted to you for filing in compliance with Sections 3 AAC 48.200 - 3 AAC 48.430 of the Alaska Administrative Code, and as required by Order U-21-058(14):

| <u>Tariff Sheet</u> | | <u>Cancels Sheet</u> | | <u>Schedule or Rule Number</u> |
|---------------------|-----------------|----------------------|-----------------|--------------------------------|
| <u>Number</u> | <u>Revision</u> | <u>Number</u> | <u>Revision</u> | |
| 90 | Fourth | 90 | Third | Section 38.9.a |

Letter Order # L2000069, dated February 26, 2020, approved a request by Cook Inlet Natural Gas Storage Alaska, LLC ("CINGSA") in TA36-733 to recover well maintenance work on the Cannery Loop Unit storage well 3 ("CLUS-3") incurred in 2019 ("CLUS-3 2019 Workover"), via a surcharge as provided by Section 38 of its tariff. This filing is to remove the surcharge for CLUS-3 as the lump sum amount authorized for recovery had been fully assessed to customers with CINGSA's billing for January 2023 service.

CINGSA has three customers receiving Firm Storage Service ("FSS") and it currently has Interruptible Storage Service ("ISS") agreements with five entities. All FSS and ISS customers receiving service were subject to the surcharge.

In addition to the approval of the enclosed Fourth Revision of Tariff Sheet 90 reflecting the removal of the surcharge at Section 38.9.a, CINGSA further requests that the Commission waive the obligation to publish public notice in the newspaper as CINGSA is serving each of its current FSS and ISS customers and RAPA with this filing.

Since this tariff modification is to remove a surcharge for a lump sum amount that is now fully recovered, CINGSA respectfully requests that the Commission approve this tariff revision at its earliest convenience.

Sincerely,

Cook Inlet Natural Gas Storage Alaska, LLC
